SUPPLEMENTARY INFORMATION:

Title: Federal Excess Personal Property (FEPP) and Firefighter Property (FFP) Program Administration.

OMB Number: 0596-0223.

Expiration Date of Approval: February 28, 2023.

Type of Request: Extension without Revision.

Abstract: Federal Excess Personal Property (FEPP) and Firefighter Property (FFP) Program Cooperative Agreements are available to State forestry agencies. The program administration provides participating State agencies with excess Department of Defense and other Federal agencies' property and supplies to be used in firefighting and emergency services. The FEPP program loans property to the State who in turn sub-loans the equipment and supplies to fire departments. The FFP program transfers ownership of non-controlled property to either the State agency or the individual fire department.

A cooperative agreement collects information from the participating State agencies and outlines the requirements and rules for the cooperation. Each State forestry agency shall provide an Accountable Officer who will be responsible for the integrity of the program within their respective State. For this reason, FEPP and FFP collect the state forestry agency contact information, the information of the Accountable Officer, and the requirements of participation in the FEPP and FFP programs.

A cooperative agreement will be prepared by each State forestry agency that desires to participate in one or both of the programs. Participating State agencies must submit separate agreements if they desire to be participants in both programs.

Agreements will be processed and maintained at the United States Department of Agriculture, Forest Service, Fire and Aviation Management, Partnerships, Cooperative Programs branch in each Forest Service Regional Office.

Since FEPP property belongs to the Forest Service, State Cooperators will use the Federal Excess Property Management Inventory System (FEPMIS) for all records, documentation, and audit processes involved in acquiring, management, and disposing of FEPP property. Forest Service property management staff will ensure information entered in FEPMIS is uploaded in the USDA National Finance Center database - Corporate Property Automated Information System – Personal Property (CPAIS-PP). Forest Service Property Management Officer (PMO) ensure records are updated and accurate. FEPMIS is the official property management database for the FFP program.

The authority to provide excess property to state agencies under the FEPP Program comes from the Federal Property and Administration Services Act of 1949, 40 U.S.C., Sec 483. The FFP Program is authorized under 10 U.S.C., Subtitle A, Part IV, Chapter 153, 2576b.

Estimate of Annual Burden: 1 hour and 2 minutes.

Type of Respondents: State Foresters and State Agency FEPP Property Managers.

Estimated Annual Number of Respondents: 65.

Estimated Annual Number of Responses per Respondent: 302.

Estimated Total Annual Burden on Respondents: 570 hours.

Comment is Invited: Comment is invited on: (1) whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize

the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request toward Office of Management and Budget approval.

Jaelith Hall-Rivera,
Deputy Chief, State & Private Forestry.
